

ARE YOU PROUD BROTHER? By KEITH SCOWCROFT performed by JIM SAVILLE

When you look at our World, are you proud brother?
When you look at our World. Are you proud?
I know you're just one in a crowd, Brother. But when you look at our world are you proud?

When the fields are built on,
And the countryside's gone,
When the lesson's aren't learnt
And the hedgerows are burnt,
When you look at our World are you proud?

When the Large Blue has gone,
And you don't see a swan
When the river's run black,
And the salmon aren't back,
When you look at our World are you proud?

When the seals in the sea,
Are reduced unto three,
When the whale numbers one,
And the dodo has gone,
When you look at our World are you proud?

When the rain forest's swelled,
And a bank balance's swelled,
When the rhino must die,
For some pie in the sky,
When you look at our World are you proud?

When the ocelot's skin,
Is used for some whim,
When the song birds must die,
For some Italian meat pie,
When you look at our World are you proud?

When our acid rain,
Sends our trees down the drain,
When the Atom Power waste,
Is a national disgrace,
When you look at our World are you proud?

When the atmosphere's goosed
'cause the ozones reduced,
When whole countries starve,
And you've still meat to carve,
When you look at our World are you proud?

When the rich get more rich,
It's a son of a bitch,
When the poor go without,
In a great famine or draught,
When you look at our World are you proud?

When we've ruined our planet,

And killed off the gannet,
When we colonise space
With this faulted race,
When you look at our World are you proud?

When you look at our World, are you proud brother?
When you look at our World. Are you proud?
I know you're just one in a crowd, Brother. But when you look at our world are you proud?
